

Technical Guidance Note TGN 24 on Agricultural and forestry machines & tractors, earth moving machinery, civil engineering machines.

ECANB Technical Guidance Note TGN 24 on Agricultural and forestry machines & tractors, earth moving machinery, civil engineering machines.

1. Introduction

Application of directive 2004/108/EC agricultural and forestry machines & tractors, earth moving machinery, civil engineering machines.

2. Guidelines:

Wheeled agricultural and forestry tractors:

These products and their electrical / electronic equipments are under the scope of directive 75/322/EEC "Wheeled agricultural and forestry tractors", lastly amended by directive 2001/3/EC, which is similar to directive 95/54/EC for tests, and must be "e" marked.

Agricultural and forestry machines (sowing machine, grape picker, combine harvester ...):

These products and their electrical / electronic equipments shall comply with requirements of the directive 2004/108/EC and be "CE" marked. EN/ISO 14982 "Agricultural and forestry machines" is the applicable harmonised standard.

Earth moving machinery:

These products and their electrical / electronic equipments shall comply with requirements of the directive 2004/108/EC and be "CE" marked. EN/ISO 13766 "earth moving machinery" is the applicable recommended standard (not harmonised). Writing a statement of the notified body is advised.

Civil engineering machines:

These products and their electrical / electronic equipments shall comply with requirements of the directive 2004/108/EC and be "CE" marked. EN 13309 "Construction Machinery: Electromagnetic Compatibility of machines with internal electrical power supply" is the applicable harmonised standard.

Note: This TGN is based on TECHNICAL DECISION 8E : Edition 1 – 08/09/10 of the Working Group of French Notified Bodies for EMD Directive 2004/108/EC

DISCLAIMER

No responsibility or liability can be accepted by the European Commission or the ECANB or any of its officers or members for the contents, specifications and/or advice referred to or contained in this Technical Guidance Note and/or action taken as a result of information contained in this Technical Guidance Note.
